We are pleased to have Harris Corporation's Government Communications Division Rhonda Sammons, Small Business Liaison Officer join us for April's Space Coast Townhall for Technologists meeting to speak about Harris' Supplier Diversity Program.

The Space Coast Townhall for Technologists is a network of support for Space Coast area small businesses that are focused on engineering and technology solutions. The goal of the network is to guide and support building relationships within our network as well as with Prime Contractors and Government Officials. Space Coast Townhall for Technologists is proudly sponsored by the National Center for Small Business Information at Florida Institute of Technology.

The theme of our activities will focus on the issues affecting engineering and technology small businesses such as Intellectual Property Rights, International Traffic in Arms Regulations (ITAR), Marketing Technology, and Business Opportunities as well as other pertinent topics.
